

# Phalen Leadership Academies

Parent Update

March 13, 2020

The safety of our scholars and staff at our school is of paramount importance to our organization. Given today's guidance from our local authorities and educational agencies, **Trix Academy will be closed from Friday, March 13th through at least April 5th.**

Scholars will be expected to complete work during the school closure. Parents will be able to pick up work packets from the school. We will send out notices as soon as packets are available. All scheduled activities associated with our school have been suspended until further notice.

We know some of our families rely heavily on breakfast and lunch service in our schools. The PLA food service team is working with our vendors to provide "grab and go" options for students who need food during the closure. We will update the website, PLA app, and send voice messages with details regarding where meals will be available.

We recognize that there are many questions you may have. We will provide updated information on our website at [www.trix.mecc-academies.org](http://www.trix.mecc-academies.org) or visit [CoronaVirusUpdates.PhalenAcademies.org](http://CoronaVirusUpdates.PhalenAcademies.org).

Highest Regard,  
Earl Martin Phalen
